

# Hogan's Military May - PMD

<b>Class:</b>	<b>Mayfly Nymph</b>
<b>Matches:</b>	<b>Pale Morning Dun (PMD) mayfly nymphs</b>
<b>Originator:</b>	<b>Hogan Brown</b>
<b>Source:</b>	<b>See Tying Recipe</b>

## Clay's Notes

When it comes to micro mayflies Hogan Brown has designed some great ones. His Military May series can be tied to match most any smaller mayfly. He developed this pattern for the Lower Yuba and the Lower Sacramento Rivers. I have rows upon rows of them in my fly boxes. The tying recipe is an interpretation of his flies. A best attempt so to speak. Change up the Thread, Bead, Dubbing, Legs and Thorax colors to match the mayfly.
