

# Antron Caddis Pupa

**Class:** Emerger - Caddis  
**Matches:** Most all Caddis Pupae by matching the size and coloration of the natural  
**Originator:** Unknown  
**Source:** Blue Ribbon Flies

## Clay's Notes

I really like this pattern. If you go to the Blue Ribbon Flies website they have fly tying videos that you can purchase for \$2.00 each. They give you the tying recipe and the tying video.

I tied some up and I headed down one summer day to the Lower Yuba and at about 2:00 some PMD's and a few caddis started coming off in the riffles. The fish just pounded these at the drop offs at the base of the riffles. It made me a believer. You can purchase them online at Blue ribbon Flies or buy the video and tie some up! They're in my "Lower Yuba Caddis Box"!
