Clay's Notes

Anything that comes off the creative vise of Rene Harrop works. He has mastered the art of using CDC for very seductive flies. You could have an entire box with nothing but his patterns. Try Some. If you are every in around the Henrys Fork in Idaho stop by his shop in Last Chance, Truthunters. You can't beat Harrop's CDC Last Chance Cripple on breezy days. This is an excellent knockdown or stillborn pattern. Look for fish picking these off as they're blown into the bank. I've got a special "Harrop's Box" with lots of CDC flies in it.

This BWO CDC Cripple is a simple and effective patter to use as an emerger. Drop this behind a hackled BWO dry or dun and won't be sorry.
