

Clark's Stonefly

Class: Stonefly Dry Fly

Matches: Golden and Yellow Stoneflies – Match the size and coloration of the naturals

Originator: Lee Clark

Source: Blue Ribbon Flies
See Tying recipe

Clay's Notes

The Clark's Stonefly is one of the most effective patterns for imitating hatches of golden stoneflies and salmonflies. Its combined traits of durability, floatability, effectiveness and ease of tying are unmatched by any other patterns I've used.
