

Harrop's CDC Biot Emerger

Class: Mayfly Emerger

Matches: PMD mayfly emergers
Matches most mayflies
by matching the size
and coloration of the
naturals

Originator: Rene Harrop

Source: See Tying Recipe

Clay's Notes

Anything that comes off the creative vise of Rene Harrop works. You could have an entire box with nothing but his patterns. Try Some. If you are every in around the Henrys Fork in Idaho stop by his shop in Last Chance, Truthhunters. I'd recommend getting some of Rene's fly tying videos to master his techniques of tying with CDC. The combination of using CDC and biots are dynamic.

Harrop's CDC Biot Emerger Tying Recipe (My Attempt)
