

Hogan's Military May

Class: Mayfly Nymph

Matches: Most small mayfly nymphs, BWO's, PMD's etc. match the size and coloration of the natural

Originator: Hogan Brown

Source: See Tying Recipe

Clay's Notes

When it comes to micro mayflies Hogan Brown has designed some great ones. His Military May series can be tied to match most any smaller mayfly. He developed this pattern for the Lower Yuba and the Lower Sacramento Rivers. I have rows upon rows of them in my fly boxes. The tying recipe is an interpretation of his flies. A best attempt so to speak.
