

# Madam X

**Class:** Stonefly – Dry Fly

**Matches:** Yellow Sallies and Golden Stones

**Originator:** Doug Swisher

**Source:** See Tying Recipe

## Clay's Notes

The Madam X is an excellent all-purpose fly pattern. It can imitate hoppers, stoneflies and even spiders when tied in the right colors and this fly tying pattern really seems to get the fish's attention. Simple in design, but deadly in execution. This fly tying pattern can catch a lot of fish in a day and can also be a great indicator fly when nymphing a 1 or 2 fly set up underneath a dry.
