

# Nemes Soft hackle Isonychia

**Class:** Mayfly Emerger - Soft Hackle

**Matches:** Slate Drake Mayfly

**Originator:** Sylvester Nemes

**Source:** Blue Ribbon Flies

## Clay's Notes

**Sylvester Nemes' Soft Hackle Pheasant Tail Isonychia - Hendrickson is a mashed-up pattern, combining the tyer's American take on a classic English North Country fly pattern tied in the drab colors of an Isonychia or Hendrickson cripple with a Sawyer's classic Pheasant Tail nymph. This fly's long, soft partridge hackle feathers give it lots of enticing movement and its profile is perfect for attracting hungry fish. This pattern is available at [www.flyfishingoutfitters.com](http://www.flyfishingoutfitters.com)**
