

RS2 - Olive

Class: Mayfly Emerger/
Floating Nymph

Matches: Most any smaller
mayfly emergers by
matching the size
and color of the
naturals

Originator: Rim Chung

Source: See Tying Recipe

Clay's Notes

Designed by Rim Chung. RS2 stands for Rim's Semblance #2. It was designed originally for baetis and midges on the South Platte. The body of the fly hangs down into the surface film and the wing looks like an emerging midge. By trimming off the tails, it also works as a midge pattern.

RS2 BWO Tying Recipe
