

# Fly Fishing Traditions Floating Clinic

## *On the Lower Yuba River*

### **Fly Fishing Traditions Floating Clinic**

This Fly Fishing Traditions Floating Clinic is an eight hour floating clinic on the Lower Yuba River in my hand-crafted wooden drift boat. This floating clinic will focus on what **“you”** want to learn and will be crafted to meet **“your”** expectations and **“your”** experience level. You will spend a day learning the different techniques used for trout and steelhead angling as we drift the Lower Yuba River.

You will learn about the entomology of the insects of the river and how to match them with your selection of flies. I will show you how to rig your gear and learn the techniques necessary to be successful. The clinic will be spent floating the river in my drift boat and stopping to wade where you'll learn different tactics such as:

- Dry fly tactics
- Indicator-nymph tactics
- Tight-line nymph tactics
- Swinging and streamer tactics

All of these tactics will be thoroughly discussed and demonstrated. You will have the benefit of working closely with a highly qualified instructor/guide. This eight hour float is for one or two anglers/students.

### **Fly Fishing Traditions Floating Clinic Details**
